

## Moosters Salina Surprise

ADCA #044685

Red

Heterozygous polled

PHA and chondro free; parent verified at UC Davis

A2A2

Sire: Euchee Creek's Red Sonny

Dam: Willows Rebecca

\$1200

Last of our weanlings, Salina was born 6/14/18 as a great surprise to us, literally born on the last day possible based on the last day she could have been conceived. She's still in her winter clothes, but there's a great topline under all that winter coat. She's stout with plenty of depth!

She has not been halter trained as of January 2019, but if she's like her siblings and her dam, it will be easy enough for her new owner to tackle.
