

Moosters Sugar Baby

ADCA #043636

Black, carries one copy of E+ red

Heterozygous polled

PHA and chondro free; parent verified at UC Davis

A2A2

Sire: PRF Hondo Lane

Dam: Glenn Land Neev

\$1200

Sugar is a beautiful young heifer out of our oldest cow, Neev (who is still going strong at 16 years old!). That's Neev in the picture standing next to Sugar below - taken summer 2018. . Born 3/12/18, Sugar is heterozygous polled, black (carrying E+ red from her sire), A2A2, PHA and chondrodysplasia free, with great feet and a nice wide muzzle.. Like all our heifers, she is parentage verified to her dam and her sire, PRF Hondo Lane. If you are looking to add solid brood cow quality to your herd, this is your girl!
