

Moosters Yours Truly

ADCA #044684

Red

Heterozygous polled

PHA and chondro free; parent verified at UC Davis

A2A2

Sire: PRF Hondo Lane

Dam: Wieringa's Tracy LL

\$1200

Truly is out of Tracy, a chondrodysplasia carrier. She has been tested as a non-carrier. If her dam and her sister are any indication of Truly's future as a cow, she will be a big bodied, but medium height, with a lovely udder. Born 4/16/18, Truly is heterozygous polled, red (E+/e), A2A2, PHA and chondrodysplasia free. Like all our heifers, she is parentage verified to her dam and her sire, PRF Hondo Lane. She has not begun halter training. Picture below shows her this summer without her winter coat!
