Crystal was born on the coldest day of the spring. Her ears are a little shorter because we were unable to keep them warm enough in the frigid temps, so she got a little frostbite. We think she's lovely anyway. It would keep her from the show ring, but certainly won't affect her ability to make thrifty offspring. Shown below are her sire, Hondo and her dam, Rominy Raya. Rominy Raya is 14 years old and still has a high, tight and lovely udder. We also expect she'll pass along that wide muzzle and her efficiency on pasture.
