JoJo is an AI daughter of the well known bull, Llanfair's Polgaron. She is simply lovely. JoJo favors her dam in build: wide hip, straight topline, excellent feet and legs. Her dam is one of our show cows and has placed well in every show she's been in. Additionally, she is thrifty on just pasture and hay. Her first lactation udder is excellent. We think JoJo has the potential for show or simply to make exceptional Dexters for your herd.
