Sire: Moosters Rory Calhoun ADCA #051814

Dam: Moosters Melody Marie ADCA#044686

\$2000

We plan to lead train Vibrato, but will happily provide a 10% discount if she is sold untrained and before we begin her halter work (which will begin in October at weaning).

She's going to inherit that big behind from both her sire and dam. Both parents reflect the thickness and width that we so love in our herd. Beautiful udder on momma Melody.

This heifer is so pleasing to the eye. Her dark nose and bright red are eye catching. She shows an easy going nature and curiosity in the pasture.

Here, with her dam, Moosters Melody Marie

Her sire, Moosters Rory Calhoun, a Dagget's Shay son
